Taminadu

Department of Chemistry

DEPARTMENT OF CHEMISTRY

VISION

To impart the basic and applied knowledge of chemical science to the students from rural areas and to make them well versed in establishing chemistry-oriented organization and industries.

MISSION

- To transfer the knowledge of Chemistry with values to create globally competent chemists.
- To facilitate the development of extraordinary skills in handling all laboratory equipment's.
- To inculcate in them the skills of problem solving.
- To create in them the awareness about ecological threats and to train to adopt cost effective and eco-friendly methodologies.

CAREER OPPURTUNITY

If you have a particular interest in or aptitude for chemistry, or if you hold or are currently working towards a chemistry degree, list below is intended to help you to judge the right chemistry career for you.

- Analytical Chemist
- Chemical Engineer
- Chemistry Teacher
- Forensic Scientist
- Geochemist
- Hazardous Waste Chemist
- Materials Scientist
- Pharmacologist
- Toxicologist
- Water Chemist

PERIODIC TABLE COMPETITION

On 24th September 2022 our department conducted the Periodic table competition. It was held on our HOD's presence. 12 Students were participated in that competition. It was judged by our department HOD Sr. Hebzi Emalda Rani. We have selected 2 winners.

SCIENCE EXHIBITION

We have conducted the Science Exhibition on October 14, 2022. We were so glad to see our student's performance, confidence, and ability to depict complex subjects in the most innovative mode, is a clear reflection of the able guidance of our HOD. It was a clear outcome of the tireless efforts of our students. Our students were exhibit such innovative ideas like working models, non-working models, and the chemical reaction. 5 schools have been visited our science exhibition.

POSTOR PRESENTATION

On 8th October 2022 our department conducted postor presentation competition with the title 'Women Scientists'. Totally 15 students were participated in that competition. The venue was our college seminar hall at 2.10 Pm. Our HOD was visited their postor presentation. It was judged by our HOD and staff in charge. We have selected two winners.

CONNECTION COMPETITION

We have conducted the connection competition on 10th February 2023. Nearly 16 students were participated. Our department HOD Sr. Emalda were organized this competition. students were divided into four groups. Questions were selected from periodic table. connection picture was displayed on the smart board. students were participated very enthusiastic and energetic. The team awarded 10 points for every correct answer. We have selected two groups as winners.

QUIZ COMPETITION

Our department conducted quiz competition on 20th January 2023. It was leaded by our hod Sr. Emalda. The event witnessed enthusiastic preparation of students. There was representation of eight teams' sections A to H each consisting of two students. Its began with the introduction of the participants and the rule of the quiz is explained. It was an interesting five rounds competition consisting of name of the scientist and their inventions, PH range, periodic table elements, common scientific question students were allotted 30 seconds to answer each question.

NATIONAL SCIENCE DAY-FEBRUARY 28'

On behalf of 'National Science Day-February 28' science department (mathematics, chemistry, computer science) together and conducted the various competition to all the students. and we celebrate that day with the chief guest Dr. Dinesh kumar, scientist, CSRI-CSMCRI-MRINE ALGAL RESEARCH STATION, Mandapam. Students are participated the following competitions fancy dress, poster presentation and got prizes.

CONNECTION COMPETITION

We have conducted the connection competition on 08th March 2023. Nearly 15 students were participated. Our department HOD Sr. Emalda were organized this competition. students were divided into five groups. Questions were selected from periodic table. connection picture was displayed on the smart board. students were participated very enthusiastic and energetic. The team awarded 10 points for every correct answer. We have selected two groups as winners.

INDUSTRIAL VISIT

On industrial visit to CSRI-CSMCRI-MRINE ALGAL RESEARCH STATION, Mandapam successfully organized by the department of chemistry on 16th March 2023. 80 students of different branches like mathematics, computer science, b.com visited to CSRI-CSMCRI-MRINE ALGAL RESEARCH STATION to understand how to grow seaweeds in local coastal area and its uses and to acquire knowledge and experience. The scientist of the station Mr. Gopala Krishnan explained about the process of seaweeds and their uses which will help the student in their career growth.

CELEBRATIONS

FINE ARTS

The fine arts cultural program was organized by our college to engage and give knowledge about the cultural and the cultural activities. The students of our department attend and participated in the events. The events of the day are bridal makeup, mehndi, art from waste. Fusion dance, group dance. The chief guest distributed prizes among the participants who performed well in the function.

CHRISTMAS CELEBRATION

Christmas celebration was organized on 22nd December 2022. the students were participated in various programs like dance, and skit and crib making. Our department students got first prize in skirt ad 3rd prize for crib making. They are also participated in dance and tablu for Christmas celebration.

PONGAL CELEBRATION

On 12th January we celebrated Pongal celebration. The students gathered to celebrate Pongal with their respective departments with the supervision of the staff members of the college. It was an ambience filled revelry, music, dance, and joyful faces with big smiles. Each department was allocated a spot for their celebration inside the college campus

FOOD FESTIVAL

On behalf of our college food festival is organized on 08th March 2023. There was total 6 stalls such as pepper chicken, watermelon, sweet corn, butter milk, cauliflower. our department student's sales variety of juices like buttermilk, mojito, pepper soda, lemonade. This helped the students to learn teamwork, collaboration, and creativity. The idea behind the program was to be good entrepreneurs in the future. The profit of the function was given to the poor and needy people.
