“Give thanks to the lord, for he is good, for His love endures forever”

It gives me immense pleasure as the first college magazine of Annai scholastica college titled “ASV WAVES” is being launched today.

The academic year 2022-2023 has passed adding jewels to the crown of glory. With the abundant Blessings of the Almighty and the coordinated efforts of staff, Students, Parents, benefactors and well wishers we could take a long stride towards the goal of giving holistic education by identifying the great potentials of our students, optimising their latent skill and preparing them for a career and a hope filled future.

As you scan through the pages it will enlighten you with the important events that had taken place and the achievements of the year. The articles contributed by our students and faculty are an expression of their thoughts, ideas, hopes, feelings, aspiration and convictions in a creative way.

This college magazine is a testimony of our activities, focus areas and inclinations. I congratulate the editorial team in its efforts in compiling this college magazine. I take this opportunity to earnestly thank the management, parents and all stakeholders for their continuous support in all our endeavors.

Let's journey together to attain bigger and better milestones in the coming years. Success is not resting on our Laurels but finding new laurels to rest upon.

COLLEGE DAY REPORT

2022-2023

Respected Chief guest, Dr.Gunasekaran, Sr.Pushpam Our Secretary, Sr.Goretti, the Mother Superior of this community, Sisters of the management and Congregation, faculty, both teaching and non teaching, dear students and well wishers.

Here we are gathered as one family to celebrate the College day of this three year old Institution. At this juncture I extend warm welcome to you Sir, on behalf of the management, staff, students and on my own behalf. We are deeply honored to have with us here Dr.Gunasekaran Syndicate Member of Alagappa University. We thank you for your August presence on this occasion, having accepted our invitation.

I offer my praises to God Almighty for His ever abiding presence and guidance and invoking God's Blessings. I am here to present the Annual report. It is my privilege to present to this audience the report of the activities of Annai Scholastica College of Arts and Science for Women for the academic year 2022-2023.

Before I present this report, I would like to give a brief history of this College, its Vision, Mission, Courses and infrastructure facilities. This College situated in the Island of Rameswaram, was established in 2020 and we pay our respectful homage to Rev. Mother Scholastica the foundress and in whose name this College is established. It provides education to women, empowering them to achieve their goals, through six steps- inspiration, vision, determination, innovation, passion and excellence.

The College established in 2020 provides education to women empowering them to achieve their goals.

If offers the following UG courses

- B.A. Tamil
- B.Sc., Mathematics
- B.A.English
- B.Sc.,Chemistry
- B.Com
- B.Sc.,Computer science
- B A

The total strength as of date is a follows

Students	-212
Teaching faculty	-22

Non teaching staff -11

A new Chemistry lab oratory is under construction and soon we will be establishing public addressing system for better communication and also purchasing a College van. In the management intends to construct a spacious Auditorium, to accommodate all the students for the different programmes organised.

The College implements its Curricular, Co Curricular and Extra Curricular activities through a number of clubs, committees and cells.

Each Committee / Club has staff representatives and some have student volunteers. During the academic year, we celebrated.

significant National and International days, organized motivation talk awareness programmes, inviting resource persons, conducted competitions and also carried out extension activities. Every Department has its own Association and organizes relevant programmes, to tap the talents , abilities of students and to activate their leadership skills.

Since the establishment of the College, for two academic years (2020-2022) Rev.Sr. Nirmala former principal of Jeyaraj Annapackiam College for Women, Sister of the Congregation of St. Anne's of Trichy was the Principal. On 13.06.2022, she moved to take over a responsibility in an institution of their own congregation. The Management, teaching and non teaching staff thanked her during the farewell function. We gracefully remember the services rendered by her to this Institution during her tenure as Principal.

On July 13th 2022 a warm welcome was given by Mother General Rev.Sr. Amutha, Sisters and faculty to Sr. Sophy, the new Principal and a formal meeting was, also arranged. The Academic year 2022-2023 was given a start with the reopening of the College on July 18th 2022 for the II and III UG students. On August 2nd 2022, one more College van was added to facilitate transportation of our students to our college. On August 6th 2022 a motivation talk on was given by Mrs. Vanmathy to our II and III UG students on communication and learning skills, particularly that of English Language. Commemorating the 75th Independence day of our nation, a meeting was organized on August 12th 2022. The Thasildar of Rameswaram was the Chief guest Prizes were distributed to the winners of various competitions conducted in

connection with Independence day. On August 17th, 2022, Holy Spirit Mass was celebrated by Fr. Kulanthai Yesu Babu invoking God's blessings on all. He gave meaningful reflections.

This year the student council was instituted. The nominated candidates of the II & III UG, addressed the audience and were voted for. Student council election took place on August 22nd 2022 and the student council members for 2022-23 are as follows.

President-Henin.A - III B.Com Vice President-Jedancy Brettlee.A - III B.Sc., Computer Science Secretary-Jewell.D II B.Sc., Computer Science Assistant Secretary-Gifrin Brehoney.S - II B.A. English

English – *An international communicative language*

Communication is the primary function of language; it is how we share our thoughts with others. A language's secondary function is to convey sentiments, emotions, or attitudes. English fulfills both these purposes. It is regarded as the first global language. The English language has become one of the world's most important international languages. English is the language of most transactions, conversations, legal documents, official communication, documentation, laws, books, education, and even the computer interface. There is far more information available in English on the Internet or elsewhere than even in our native language. Almost every existing field uses English as a language to communicate internationally, from business to entertainment. It has been regarded as part of almost every existing field for over a century. Even nations where English is not an official language teach and encourage youngsters to acquire it as a second language. Many science and engineering textbooks are also written in English.

Evolution of English Language

The English language has evolved from merely a language into a lifestyle. After Chinese and Spanish, English is the next in line to be customized the most. It has its origins in the early medieval period. It is a West Germanic language, and is spoken around the globe today. Its development duration has been almost 1400 years.

It has an extremely rich vocabulary and, on average, one new word is added every two hours. It is a dynamic language that constantly evolves. Almost all of this development can be attributed to social media, where most interaction takes place in English.

In the present world, English acts as a unifying factor for people from all over the globe as it is the language in which all forms of media are available.

It is therefore necessary to learn the English language in order to be able to fit into the society of today as well as in the future. The English language is necessary in order to read advanced knowledge written in English. Learning the language becomes more or less essential if we intend to pursue higher education. Unfortunately, many sign boards and notice boards are written in English as well.

Russia, France, Spain, China, Japan and so on do not necessarily depend on English for most of their education and lives. They do most of their work in their local language. However, there are about 22

official languages in India, so we sometimes have to use English or Hindi when we visit another state speaking another language. Hindi is not well understood in some states as well, so it becomes necessary to learn English.

English speakers and their census

English was initially the language of England, but due to the British Empire in many countries, English has become the primary or secondary language in former British colonies such as Canada, the United States, Sri Lanka, India and Australia, etc. Currently, English is the primary language of not only countries actively touched by British imperialism, but also many business and cultural spheres dominated by those countries. 67 countries have English as their official language, and 27 countries have English as their secondary language.

There are only about 400 million native speakers of English in the world, but almost 1.6 billion people can speak or understand the language. It is regarded as the most commonly spoken language in the world. Out of the world's approximately 7.8 billion inhabitants, 1.35 billion speak English. The majority aren't native English speakers, however. About 360 million people speak English as their first language.

English – Main criteria for job opportunities

There is no doubt that English is a career language to some degree, as most employers require their employees to be able to grasp the language properly. It is a common language for multinational business transactions and is a requirement for worldwide recognition.

Even entry-level government and security positions require comprehension, writing, and conversational skills in English.

Knowing English increases the chances of getting a good job in a multinational company. Research from all over the world shows that cross-border business communication is most often conducted in English, and many international companies expect employees to be fluent in English.

English is the language of internet and media

There is a lot of information available on the internet in English due to the fact that it is the easiest language to be understood by most people. An estimated 80% of the total data available on the internet is exclusively in English. This is an easy-to-understand, straightforward language. In print media, it is the universal language, whether it's newspapers or journals. It is the language of important books that are meant to reach a large audience.

Many of the world's top films, books and music are

produced in English. Therefore, by learning English, we will have access to a great wealth of entertainment and will be able to build a great cultural understanding.

English as sources of entertainment

Throughout all forms of recreational activity, this international language is used. There is no doubt that Hollywood is the powerhouse of entertainment on a global scale. Movies, books, and even sports all use English as the primary language for all of these activities. It is necessary to understand English if you want to enjoy these movies, especially without dubbing.

English –an universal language

English is one of the most used and dominant languages in the world. It has a bright future, and it helps connect us to the global world. It also helps us in our personal and professional life. Although learning English can be challenging and time-consuming, we see that it is also very valuable to learn and can create many opportunities. Currently, English is not a foreign language and has become ingrained in every nerve of the population.

Thank You

My Island

My Island; The nature around is,
It's four side surrounded by sea,
Located in the centre of sea,
And it's connected by the,
One amazing bridge at Pamban
One pleasant morning,
At the time of sunshine
A fisherman goes for fishing
But his companion remain
In her home and working at the kitchen
She thinks differently at the time of
Washing vessels that she turn
Her decision of studying
A desire she has
To be independent
And should never depend upon anyone
At the end; through,
Her hard work and perseverance;
She becomes a working woman
It is real success
Oh, yes! This is the great success
Of my Island....

I LOST MY DIAMOND IN SEARCH OF GOLD

I lost my diamond, in search of gold
When I grew up – you
Hold my hand and
Told me “How to walk”.
You guide me, wherever I go
When I turn back, you stand behind me
I felt happy when I dwell in your hands
I feel sad when you left me alone
When I closed my eyes
Your face came before my eyes, full of tears
Now I Slipped, don't know why
Again I Slipped and turned back
You aren't there....
You taught me more lesson – But
You forgot to teach, “How to control my tears.”
I was busy in search of my happiness
But, realized that you are my happiness
I lost my grandpa, in search of my happiness.
I lost my diamond, in search of gold...

MATHEMATICS IN EVERYWHERE

Life is math equation. In order to gain the most, you have to know how to convert negatives into positives”

INTRODUCTION:

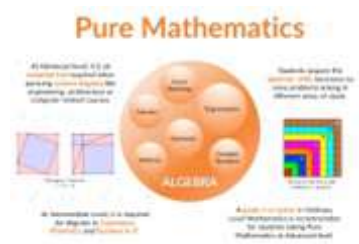

Mathematics is the study of numbers, quantities, and shapes and their relationships.

TYPES OF MATHEMATICS:

- Pure Mathematics
- Applied Mathematics

PURE MATHEMATICS:

Pure mathematics is the study of mathematics without any applications to the real world. This means that pure mathematics are more interested in the theoretical side of mathematics, and they try to find patterns and relationships between numbers and objects. Pure mathematics meaning is sometimes also called abstract mathematics because it deals with abstract concepts that are not always easy to visualize.

APPLIED MATHEMATICS:

Applied mathematics is the application of mathematical methods by different fields such as physics, engineering, medicine, biology, finance, business, computer science and industry. Thus, applied mathematics is a combination of mathematical science and specialized knowledge. The term “ applied mathematics “ also describes the professional specialty in which mathematicians work on practical problems by formulating and studying mathematical modeling.

BRANCHES OF MATHEMATICS:

- Algebra
- Calculus
- Combinatorics
- Differential Equations
- Geometry
- Mathematical Analysis
- Number Theory
- Statistics & Probability
- Topology

✓ **ALGEBRA**

- Computer Science
- Study of crystal symmetry in Chemistry
- Cryptology(and the protection of financial accounts with encrypted codes)

✓ DIFFERENTIAL EQUATIONS & FOURIER ANALYSIS

- Crystal Growth
- Casting Materials
- Rocket launch trajectory analysis
- Motion of space vehicle

- Aircraft landing field length
- Heat Transfer
- Radio Interferometry
- Photographic Development

STATISTICS & PROBABILITY:

- Signal Processing
- Speech recognition
- Tracking, searching foe submarines
- Paint stripping using lasers
- Radar track initiation
- Underwater acoustic signal processing
- Estimation of ocean currents

✓ **NUMERICAL ANALYSIS:**

- Electromagnetic
- Design and analysis of control systems for aircraft
- Scientific Programming
- Reentry simulations for the Space Shuttle.

✓ **OPERATIONS RESEARCH:**

- Network formulation of cut order planning problem
- Inventory control for factory parts
- Optics for design of a reflector
- Microwave measurements analysis
- Interplanetary mission analysis

CONCLUSION:

To conclude we can say that mathematics are every important in our daily life so we have to learn them as much as possible to understand the world where we live. Mathematics may not teach us how to add love or minus hate. But to hope that

“EVERY PROBLEM HAS A SOLUTION”

Ms. MARIA ANCY A

Asst.Professor (Mathematics)

Facts About Mathematics

- Every odd number has 'E' in it
- Four is the only number that has the same number of letters as the number itself.
 - FOUR
1234 -4
- From zero to thousand the only number which has letter A in it is Thousand.

Riddles

1. A Chicken was given \$ 4
A Spider was given \$ 16
An Ant was given \$ 12
How much would a dog get?
Answer: The dog will get \$ 8. Two dollars for each leg.
2. If you multiply all the numbers on the phone what will your answer be?
Answer: Zero
Anything multiply by 0 is 0
3. When Benny was 20, his brother Charlie was half his age. Now, Benny is 28. How old is Charlie now?

Answer: His brother Charlie is now 18, Benny is 10 years older than Charlie $28 - 10 = 18$

Capacity of Brain and Personality growth

Our self-awareness empowers us to examine our own thoughts. This is particularly helpful in creating a personal mission statement because the two unique human endowments that enable us to practice imagination and conscience -- are primarily functions of the right side of the brain. Understanding how to tap into that right brain capacity greatly increases our first-creation ability. A great deal of research has been conducted for decades on what has come to be called brain dominance theory. The findings basically indicated that each hemisphere of the brain -- left and right -- tends to specialize in and preside over different functions, process different kinds

of information, and deal with different kinds of problems. Essentially, the left hemisphere is the more logical/verbal one and the right hemisphere the more intuitive, creative one. The left deals with words, the right with pictures; the left with parts and specifics, the right with wholes and the relationship between the parts. The left deals with analysis, which means to break apart; the right with synthesis, which means to put together. The left deals with sequential thinking; the right with simultaneous and holistic thinking. The left is time bound; the right is time free. Although people use both sides of the brain, one side or the other generally tends to be dominant in each individual. Of course, the ideal would be to cultivate and develop the ability to have good crossover between both sides of the brain so that a person could first sense what the situation called for and then use the appropriate tool to deal with it. But people tend to stay in the "comfort zone" of their dominant hemisphere and process every situation according to either a right- or left-brain preference.

In the words of Abraham Maslow, "He that is good with a hammer tends to think everything is a nail." This is another factor that affects the "young lady/old lady" perception difference. Right-brain and left-brain people tend to look at things in different ways. We live in a primarily left-brain-dominant world, where words and measurement and logic are enthroned, and the more creative, intuitive, sensing, artistic aspect of our nature is often subordinated. Many of us find it more difficult to tap into our right-brain capacity. Admittedly this description is oversimplified and new studies will undoubtedly throw more light on brain functioning. But the point here is that we are capable of performing many different kinds of thought processes and we barely tap our potential. As we become aware of its different capacities, we can consciously use our minds to meet specific needs in more effective ways.

Two Ways to Tap the Right Brain

If we use the brain dominance theory as a model, it becomes evident that the quality of our first creation is significantly impacted by our ability to use our creative

right brain. The more we are able to draw upon our right-brain capacity, the more fully we will be able to visualize, to synthesize, to transcend time and present circumstances, to project a holistic picture of what we want to do and to be in life.

A STUDY ON ISSUES AND CHALLENGES FACED BY WOMEN ENTREPRENEURS

Mrs.V. Maria Subaitha
HOD and Assistant Professor
Commerce Department

ABSTRACT:

This article looked at the relationship between motivation s and entrepreneur challenges among women entrepreneurs. Examining relationship between motivation and women entrepreneurs challenges tends to provide some Entrepreneurship is the engine of the economic growth development and has been recognized or its importance in the area of job creation, revenue generation, poverty alleviation and wealth creation. Women entrepreneurship and women empowerment are considered are as on important tool in eradicating poverty and unemployment. The fast devolvment in entrepreneurs ship has attracted women to join this field. But their job has not been duly recognized, but at the same time their facing a number of challenges .These challenges can be faced with them and their family aware of the opportunities available to them.

Keywords: women entrepreneurs, issues and challenges, finance, society problem.

INTRODUCTION:

A woman entrepreneur is therefore a confident, creative and innovative woman desiring economic independence individually and simultaneously creating employment opportunities for others In the advanced countries of the world, there is a phenomenal increase in the number of self-employed women after the World War II. The term “women entrepreneur” deals with that section of the female population who venture out into industrial activities i.e. manufacturing, assembling, job works, repairs/servicing and other businesses. The Government of India has treated women entrepreneurs of a different criteria-level of women participation in equity and employment position of the enterprise. Women entrepreneurs have taken

initiative in promoting and running an enterprise by having a controlling interest in that particular enterprise. However, they still represent a minority of all entrepreneurs. Thus there exists a market failure discriminating against women's possibility to become entrepreneurs and their possibility to become successful entrepreneurs. This market failure needs to be addressed by policy makers so that the economic potential of this group can be fully utilised.

While without a doubt the economic impact of women is substantial, we still lack a reliable picture, describing in detail that specific impact. Recent efforts initiated by the OECD (1997, 2000) are responses to this lack of knowledge and have focused the attention of policy makers and researchers on this important topic. In order to effectively and efficiently address this topic, policy makers need more knowledge about women entrepreneurs. The aim of this report is to extend these efforts and to further enhance knowledge about how women's entrepreneurship affects economic growth and development.

OBJECTIVES:

- To frame conceptual frame work about women entrepreneurs.
- To analyse the issues and challenges of the women entrepreneurs
- To determine the problems of women entrepreneurs in India.
- To study the effective support of the government on women entrepreneurship.

M E T H O D O L O G Y A N D D A T A COLLECTION:

SAMPLE DESIGN:

The researcher collected data's from 100 various working womens in ramanathapuram district. This researcher used convenient sampling technique for collecting data from the respondents.

SAMPLE SIZE:

The study sample size is 100 working women's.

SIMPLE PERCENTAGE:

Percentage means out of 100. It is often referred by symbol.

PRIMARY DATA:

The primary data were collected from the fisherman, in research area through the questionnaire and interview method.

SECONDARY DATA:

The secondary data have been collected through the various websites, journals, magazines, and publication.

D A T A A N A L Y S I S A N D INTERPRETAION:

The demographic profile of the respondents was studied based on age, gender, per trip wages, monthly income and the education, savings etc.

Demographic status of the Respondents:

Table-1

Demographic Factors	classification	No of Respondents(N=250)	Cumulative Percentage
Gender	Married	65	65
	Unmarried	35	100
	Others	-	
Age	Below 25	18	18
	25-30	41	59
	31-40	23	82
	41-55	18	100
Monthly Income	Less than 6000	50	50
	10000-18000	25	75
	20000-27000	18	93
	27000-350000	07	07
	Yet to earn	25	25
Education	UG	18	18
	PG	28	46
	Illiterate	49	95
	HSS	20	20
Savings	Home	45	45
	Bank	38	78
	LIC	22	100

Source: Researcher computed

Interpretation

- From the above table, it was observed that majority of the respondents are (65%) Married women, few of them only (35%) Unmarried.
- Regarding the survey 100 respondent taken for the study the majority of the respondents (41%)were in the age group of 25 to 30.It was found 23% were 35 to 40 and 18%were 45-55 while in the age group below 25 and were only 18%.
- The above information 18% of the

respondents were undergraduate ,whereas 28% are postgraduates and 56% are primary level, 49% of the respondents are illiterate at the same time their doing same profession .

d) The researcher find out the monthly income of the respondent were 50% of the entrepreneurs monthly income is below 6000rs only.it was 25% of the respondents were 10,000 to 18,000 and 18% were 20,000 to 25,000 and 27,000 to 35,000 were 25%.

Table 2: NO OF HOURS DEVOTED FOR THEIR BUSINESS:

No of Hours	Respondents	100%
5-6 hrs.	27%	
6-8hrs	51%	
9-10hrs	19%	
<10 hrs.	3%	

Source: Researcher computed

- Some of the women's need a technical training, because it's very important for women entrepreneurs to suit socio economic demographic conditions.
- Women should take assistance of other women entrepreneurs who are already successful in their business.
- Women should implement and understand their business to develop in new way.
- The Government should provide the various

funds and support to the women entrepreneurs.

- Women entrepreneurs first they should start small scale business allow it to grow gradually.

CONCLUSION:

In 21st century India business is changing day by day to development of technology, Globalization, Online platforms etc... in that such innovation it creates various opportunities for the women. In their field the women face so many challenges like lack of training, male domination, poor family support (including spouse support), access to startup capital. Government comes forward with many facilities and supports, consultation, and incentives especially for women. As even illiterate women have the potential and the determination to set up, upload and supervise her own enterprise in a very systematic. Women entrepreneurs as a part of main stream in national economic and their contribution to the economic progress of the country.

Mrs. V. Maria Subaitha
HOD and Assistant Professor
Commerce Department

BEHIND OF YOUR EVERY SUCCESS IS YOURSELF

Success is the greed of achievers, In order to fulfil this greed, first you need faith in God, If you have that faith in God, then self confidence will automatically come to you and this self-confidence will be the foundation of your success. Achieving success is not easy, but if you have self-belief you can easily achieve. Yes! Behind of your every success is yourself.....

There is no one in your life who loves you more than you. In the same way, there is no one greater guide than you to help succeed in your life, If you want to be the best guide for yourself, surrender yourself to God. Everyone has dreams, ambitions and goals in life. But for this to happen you need to have a lot of faith in yourself and above that you should have unlimited faith in God.

A lot of people want to achieve in life but not

everyone who thinks like that succeed in life because they don't fully believe in the effort they put. They can't resist even the smallest problem that comes their way and run away because they don't have complete faith in them either.... But those who think that they want to achieve everything in life no matter how many obstacles come in their life they keep trying with self-confidence without getting tired.

These types of people do not expect anyone to guide them on their way to success but they are the best guide to their own success.

There is a wrong thing in the mind of many people in this world and that is that they think that other people have answer to our problems and worries but as far as I am concerned it is a completely wrong idea. But for people who understand what life is all about are clear and stable in their minds. Let them patiently analyze what their problem is and decide and take a clear solution for it.

As I said before there is no one in this world who loves you more than you, then you are the only one who loves you in this world, You are the only one who think that you want to be good in this world

If you believe in yourself and have courage, you can easily succeed in your life. If you don't have this self confidence means I am sorry, I feel a little bad to say this, but this is the truth, you are in this world it's like a body without life.

So guys commit yourself with the lord. God will give you good knowledge and wisdom God will help you to be yourself He will help you to choose your own path to success.

SINGLE MOTHER POWER & STRUGGLES

A Single mother is not an easy task. It's a difficult task for those single parents in this world.

A Single mother faces a lot of problems and troubles in her life but she just lives for her children. She is the only person to earn money for her family needs and to fulfill the needs of her children. She has the biggest responsibility to educate their children for their bright future. She works hard for their beautiful future. A single parent can bring up "Strong, Emotions, like excitement anger sadness happiness and most importantly understanding quality.

A single parent also becomes more stress filled because, "she has no one to share their feelings" "She just hides her feelings for her children", and she create stress by herself there is a lot of difficulty to bring up her children in a discipline a way.

She is the bread winner for her family By doing sacrifices she manager circumstances and adopts herself to life situation bad. But on one side single mother looked upon from a different angle. It's all about our society we need to change this first and we have to respect all those single parents a single mom She may be "A Doctor, Teacher, Coach, a Maid, a Mother, A Father etc,"

She performs multitasks her life, She is the heroine of her own family. She has ability to give both "Mother and Fathers love and she is the best friend for her children.

An expert advice for all single mother "You is that have to be strong because your children make you feel proud in front to those people who put you down".

Island

I Look at over the water

As for as my eyes car see,

And I feel a peace come over me.

All of the stress of my day

Seems to ship away,

As I listen to the sound of the waters

Splashing on the shore.

How can I ask for more?

But, God If you will

Please make time stand still,

For it seems no dream it out of reach

When I'm here at the beach.

CYBERBULLYING

Cyberbullying is a form of online bullying or harassment that occurs over digital devices and platforms. With the widespread use of technology and the anonymity that comes with it, cyberbullying has become more frequent and prevalent. Hidden behind their computer or mobile screens, people don't hesitate in harassing others.

This can be clearly seen in the increase in suicide cases due to online bullying. From time to time we even see celebrities facing online trolls and bullies.

A recent study by CRY (Child Rights and You), a non-governmental organisation, shows that around 9.2 per cent of 630 adolescents surveyed in the Delhi-National Capital Region had experienced cyberbullying and half of them had not reported it to teachers, guardians or the social media companies concerned. Nationwide, according to research conducted by Symantec, nearly 8 out of 10 individuals are subject to the different types of cyberbullying in India. Out of these, around 63 percent faced online abuses and insults while 59 percent were subject to false rumours and gossip which became responsible for degrading their image. The same study ranks India as the country facing the highest cyberbullying in the Asian Pacific region.

Cyberbullying can occur in several forms such as sending, posting, or sharing negative, harmful, false or mean content about someone else.

It can include sharing personal or private information causing embarrassment or humiliation. Although it may be difficult to

understand how some text on a screen can affect a person drastically, cyberbullying can lead to trauma and various mental health issues.

It becomes important to understand that unlike face-to face bullying one cannot escape such an incessant, insistent and brutal form of torture. It can continue at any time, throughout all hours of the night. Cyberbullying leaves little opportunity for victims to defend themselves. There are no teachers or parents to see, intervene to put a stop to it. Cyberbullying can also be anonymous, leaving the victim little recourse to even report the bully to an authority figure. The anonymity of social media emboldens people and their hurtful words are left forever on the internet for everyone to watch and read.

If you discover that you are a victim of cyberbullying, you might consider taking one or more of the following steps:

- Limit your online connection time.
- Don't respond to threatening or defamatory messages.
- Never open email messages from sources you do not recognize or from known sources of unwanted communications.

Blocklist

- or allowlist incoming email accounts.
- Change your email address, ISP or mobile phone number.

Blocking or reporting them is not a solution

when a new account can simply be created. Even if what is said or posted is false, people tend to believe anything they see online.

Thus, cyberbullying can be more detrimental, distressing and damaging to a person. One of the major weapons to fight against cyberbullying is to create tough and strong laws against it.

It becomes even more important to create awareness among youngsters about this issue and such laws so that they can take appropriate measures in times of need. In India, although there is no specific legislation that has provisions against cyberbullying, certain sections in the Indian Penal Code (IPC) deal with cyberbullying in a way. Section 67 of the Information Technology (IT) Act prescribes punishment for publishing or transmitting obscene material in electronic form. **Section 507** of the IPC states the punishment for criminal intimidation through anonymous communication while **Section 66E** of the IT Act prescribes punishment for violation of privacy.

Asst.Professor (Computer science)

The Earth Needs You

The Earth needs you
To Change your ways
Month by Month
And day by day.
The Changes are easy
Just look and you'll see
The differences that can be made
By you and by me.
Single use plastic
Lasts almost forever
It might be cheap
But it's not very clever.
It can end up in oceans, rivers and seas
The wind sometimes carries it
And it tangles in trees.
When people drop it onto the ground

This is not where it stays
It travels around
If people used less,
The better place the World Would be
The future in our hands
Cut-down and you'll see.

Why India Needs More Job Creators Than Job Seekers?

Introduction

India is the youngest country in the world with the world's largest population in their youthful years. India is currently enjoying a “demographic dividend”*, which means it has more labor force than the population dependent on it. But this scenario also brings a lot of challenges with itself as larger the workforce, larger the requirement for jobs for them. The problem is that the people now-a-days seek for comfortable jobs and avoid high demanding jobs. It leads to unemployment. If students only want to become employees, our country will gradually become a consuming economy.

Changing Mind Set

It has been a common notion among Indians to find jobs preferably in the government sector because of the job security it provides or else move to the corporate, though this mindset is changing with time rapidly. It's not easy for any government to create jobs at such a large scale considering the existing working population and the next generation coming in. So the next viable option is to encourage people

to become job creators, not job seekers.

Education metrics

We want to encourage our students to pursue their dreams of entrepreneurship, scientist, engineers by guiding and providing global solutions. In India, there are around 25 crore school-going children, and there are about 4 crore students enrolled in higher education. In vocational courses, ITI, skilling, etc this would amount to 3-4 crore.

Emerging Entrepreneurship

Driven by technology and a prodigious market the Indian economy has been at the core of attention and a profitable option for investors. It is a piece of positive news for the country that today's youth want to become entrepreneurs and it is evident from the last year's start-up data which tells that more than 1200 new start-ups came up last year taking the total to 7200. Start-ups saw a 108% growth in funding last year and created more than 40,000 new direct jobs and the three-fold increase was seen in indirect jobs. Though these are positive signs going ahead we are far away from our goal. There was a continuous decline in the seed stage funding for the start-ups which means the innovation falls at the seed stage and finds difficult to grow.

A job seeker will get the job only when the job was created, there will be enormous number of jobs available for the candidates. The only problem is that the people now-a-days seek for comfortable jobs and avoid high demanding jobs. One can always go for self business hence creating jobs for many others.

Blooming start-ups:

According to the Economic Survey Report 2022-2023, Indian startups have risen from 452 in 2016 to 84,012 in 2022. The 84,012 startups, recognized by the Department for Promotion of Industry and

Internal Trade (DPIIT), have created a direct 9+ lakh jobs with a 64% increase in 2022. The country is currently ranked as the third-largest startup hub in the world after the United States and China.

Conclusion:

We need to overhaul the system of job seeking and encourage students to become job creators and innovators. They should be taught to challenge status-quo, take risks and innovate as opposed to just look out for a steady job. Job creators are going to be a great asset and will decide the country's fortune in the times to come.

“Once your mindset changes, everything on the outside will change along with it”

Asst. Professor. Business Administration

Why Students Choose Management course

The need for innovative, driven leaders is growing with old businesses needing a helping hand and new businesses coming forward in today's competitive business market, there are constant job opportunities available for people who study management at college.

Whether you're an entrepreneurs, a seasoned employee or you're just starting out in the field. Now might be the time to start thinking about a career in management. Right now you might be wondering what the benefits of studying management at college are the truth is, there are a number of reasons why you should consider learning the skills of a manager and leader. Not only does a management degree open up a range of career opportunities for you, but the skills you can learn also be used in everyday life.

1. You will always be in demand:

While no course can guarantee you a job once you graduate, business management graduates can

finish their studies knowing that as long as there are businesses, there will be a need for managers. managers are needed in every sector of business on the planet. From large international companies to small local businesses.

2. It can help to advance your career:

If you are looking for ways to advance your career the completing the masters in management excelsior college offers is a brilliant idea. This course provides you with the skills and knowledge you need to be able to apply for more senior, management roles.

You will learn how to develop employees, oversee projects, create budgets, manage business changes, solve problems, and communicate clearly with employees at all levels of an organization.

3. The skill you learn or transferable:

Business management Courses not only teach you how to manage or start a business but they also teach you a number of other skills along the way you will learn skill like how to communicate effectively with others and how to negotiate.

4. You will be able to work anywhere in the world:

Students who've graduated with a degree in management can prepare for a global career. The skills you learn during management course will make you invaluable to businesses all around the world.

சங்க இலக்கியத்தில் பெண்மையின் சிறப்பு

முன்னுரை:

சங்க இலக்கியத்தில் பெண்கள் அறிவிலும், ஆற்றலிலும் விளங்குவதோடு மட்டுமல்லாமல் கற்பிற்கும், நாணத்திற்கும் சிறப்பிடம் பெற்றவள். வீட்டிற்கும், நாட்டிற்கும் போற்றுதற்குரியவளாக பெண் காணப்படுகிறாள். சங்க இலக்கியத்தில் பெண்கள் தலைவியாகவும், தோழியாகவும் நற்றாயாகவும், செவிலியாகவும் பாத்திரமாகவும் படைக்கப்பட்டுள்ளதை சங்கப்பாடல்கள் மூலம் அறியமுடிகிறது.

சங்க இலக்கியங்களில் பெண்கல்வி:

வேத காலத்தைப் போலவே சங்க காலத்தில் பெண்கள் கல்வி கற்று இருந்தனர் என்பதற்கு 15 பெண்பாற் புலவர்களும் அவர்களின் 57 பாடல்களும் சான்றுகளாக அமைந்துள்ளன.

'அற்றைத் திங்கள் அவ்வெண் நிலவில்' என்ற பாரிமகளிரான அங்கவை, சங்கவை பாடல்வரிகள் மூலம் பெண்களின் கல்விப் புலமைச் சிறப்பை அறியலாம். மேலும் பெண்பாற்புலவர்களான ஔவையார், வெள்ளிவீதியார், காக்கைப்பாடியார், ஓக்கார் மாசாத்தியார், நப்பச்சலையார், முடத்தாமக்கண்ணியார், குறமகள் இளவெயினி பாரிமகளிர், ஆதிமந்தி போன்ற பெண்களின் பாடல்களை இலக்கியங்கள் உணர்த்துகிறது.

“நாடா கொன்றோ காடா கொன்றோ
அவலா கொன்றோ மிகையா கொன்றோ
எவ்வழி நல்லவர் ஆடவர்
அவ்வழி நல்லை வாழிய நிலனே”

என்ற ஔவையாரின் பாடல் வரிகள் பெண்களின் இலக்கிய மாண்பை உணர முடிகிறது. இவ்வாறு பெண்கள் அக்கால முதல் இன்று வரை கல்வியில் சிறந்து விளங்குகின்றனர் என்பதில் ஐயமில்லை.

சங்க இலக்கியங்களில் பெண்களின் வீரம் :

பண்டைய மகளிரின் வீரத்தைப் பற்றி பெண்பாற் புலவர்கள் பெரிதும் போற்றிப் பாடியுள்ளனர்.

“ஈன்று புறந்தருதல் எந்தலைக்கடனே!
சான்றோனாக்குதல் தந்தைக்கு கடனே!”
என்ற பொன்முடியாரின் பாடல் வரிகள்
பெண்களின் தன்மையை உணர்த்துகிறது. மேலும்,
“கெடுக சிந்தை கடிதிவிள் துணிவே
முதிற் பெண்டிர்
ராதல் தருமே”

போர்க்களத்தில் முதலில் தன் தந்தையைப் பறிகொடுத்து, இரண்டாவதாக தன் தலைவனைப் பறிகொடுத்து மூன்றாவதாக தன் மகனையும்

மகிழ்ச்சியோடு போர்க்களத்திற்கு அனுப்பும் பெண்ணின் வீரச்செயல்களை பாடல்கள் மூலம் அறியலாம்.

சங்க இலக்கியங்களில் பெண்களின் விருந்தோம்பல் பண்பு:

பெண்மை என்பது அன்பு, அறிவு, அருள் என்னும் தெய்வப் பண்புகளைக் கொண்ட உருவாகவும், பொறுமையின் பெட்டகமாகப் பொழிவுற்று, பிற உயிர்களைப் பேணிக்காக்கும் அறச்சிந் தனையாகவும் போற்றப்படுகிறது.

விருந்து என்பது 'புதுமை' என்று பொருள்படும். புதியவர் எவராயினும் வீடு நோக்கி வரும்போது விருந்தினரை இன்முகத்தோடு வரவேற்று உணவளித்து உபசரித்தனர். தான் வறியநிலையில் வாழ்ந்தாலும் விருந்தோம் பலை மனமகிழ்ச்சியோடு பேணிக்காத்தனர். தன் இல்லத்தில் கிடைப்பதை விரந்தினரோடு உண்ணுதலையே பெருமையாக கருதி வாழ்ந்தனர்.

சங்க காலத்தில் விருந்தோம்பல் பெண்ணுக்குரிய தலையாயக் கடமையாகக் கருதப்பட்டதால் இராப்பொழுது பாராமல் எல்லா நேரங்களிலும் பெண்கள் விருந்தோம்பினர் என்பதை “அல்லல் ஆயினும் வருந்துவரின் உவக்கும்” – என்ற நற்றிணை வரிகள் சுட்டுகிறது. “நஞ்சம் உண்பர் நனிநாகீகர்” என்று நற்றிணையில் விருந்தோம்பல் பண்பும் உணர்த்தப்படுகிறது.

முடிவுரை :

சங்க இலக்கியத்தில் பெண்மையின் சிறப்பு என்ற தலைப்பின் மூலம் பண்டைய கால முதல் இன்று வரை பெண்கள் கல்வியிலும், வீரத்திலும், விருந்தோம்பலிலும் சிறப்புற்று விளங்கினர் என்பதை சங்க இலக்கியங்கள் நன்கு உணர்த்துகிறது. இனிவரும் காலங்களிலும் பெண்கள் கல்வியிலும் வீரத்திலும் சிறப்புற்று விளங்குவதற்கு சங்ககால பெண்கள் எடுத்துக்காட்டாக அமைந்துள்ளமை போற்றுதற்குரியதாகும்.

முனைவர் .வே.மங்களேஸ்வரி,
உதவிப்பேராசிரியை தமிழ்த்துறை

அனைத்தும் பெண்ணே!

முன்னுரை:

ஒரு பெண்ணின் அடையானம் என்கது அவள் இச்சமுதாய கால சூழ்நிலையில் எந்த செயலை செய்கிறாள் என்பதனை பொருத்தாகும் ஒரு பெண்ணாக அவள் பல்வேறு அம்சங்களை கொண்டுள்ளார் அவற்றில் தாயாக, சகோதிரியாக மனைவியாக ஒரு கற்று கொடுக்கும் ஆசானாக தன்னை வடிவமைத்து கொள்கிறாள். பேண் என்பவள் ஓர் நிர்வாகிகளாக தலைமைத்துவத்திலும் சிறந்து விளங்குகிறாள். ஆவற்கு சான்றாக ஒரு அழகிய வாசகம்,

“ நமது இன்றைய சிந்தனையும் செயலும் நமது நாளைய வாழ்க்கையை வடிவமைக்கும்”.

ஏன்னை கவர்ந்த பன்முக அம்சங்கள் கொண்ட பெண்

ஆன்று ஒரு நாள் நான் பங்கேற்ற நிகழ்வில் சிறந்த பேச்சுதளரான ஜெயந்தி ஸ்ரீ பாலகிருஷ்ணன் உரையாற்றினார். ஆவரை ஒரு சிறந்த பேச்சாளராக பேராசிரியராகஇ எழுத்தாளராக மொழிபெயர்பாளராக பெண்களின் முன்னேற்றத்திற்காக பல நாடுகளுக்கு பல பெண்களின் வாழ்வை சீர்படுத்தி, ஒரு பெண்ணிற்கு இவ்வளவு அசம்சங்களா! என்று வியக்க வைக்கிறது.

உலகாளும் சக்தி உனக்குள்ளே

எனக்கு தெரிந்து மம்தா பானர்ஜி, நிர்மலா சிதாராமன் இந்திரா காந்தி ஏன் நமது மாநிலத்திலும் கூட முதல்வராக 3 முறை இருந்த டாக்டர். ஜெ.ஜெயலலிதா அவர்களும் தலைமைத்துவத்திற்கு சிறந்த எடுத்துக்காட்டு. தற்போது கூட நமது இந்திய நாட்டின் குடியரசு தலைவராக திரௌபதி முர்மு அவர்கள் பதவி வகிக்கிறார்.140 கோடி மக்கள் வாழும் நாட்டின் நிதிநிலை அறிக்கையை நிர்ணயிக்கும் திறன் பெண்களுக்கே உர்த்தானது என்று நிர்மலா சிதாராமன் விளங்குகிறார். இவ்வாறு பெண்கள் இல்லத்திற்கு மட்டும் தலைவியாக அல்லாமல் நாட்டையே ஆளும் திறன் கொண்டவர்கள்

எவனையும் வெற்று காகிதம்

என ஒருபோதும் எண்ணாமே

ஒருநாள் அவன் படட்டாய் பறப்பான்

நீயும் அண்ணாந்து தான் பார்க்க வேண்டும்

என்ற பாரதியின் வாக்கிற்கிணங்க பெண்கள் :.பினிக்ஸ் பறவைபோல் யாலும் தொட முடியாத உயரத்தில் பறக்கின்றனர்.

சங்ககாலத்தில் பெண்பாற் புலவர்கள்

சங்ககாலத் திலேயே பெண்கள் கல்வியில் சிறந்தவர்களாக இருந்துள்ளனத். துலைமைப் பண்பு மிக்கவர்களாக சரித்திர சாதனை புரிந்துள்ளன. ஔவையார்,காவற்பெண்டு, பாரிமகளிர், குறமகள், இளவேயினி, வெண்ணிக்குத்தபுத்தியார், நன்முல்லையார் வெண்புதியார் போன்றவர்களும் இன்னும் பலரும் இருந்துள்ளனர். ஆதியமான் ஔலைக்கு டிநல்லஜக் கனி கொடுத்து என பல வரலாறு செய்திகளில் பெண்கள் புகழப்படுகின்றனர்.

முடிவுரை:

வளர்த்த நாடுகள் பல பெண்கள் மற்றும் குழந்தைகள் மேவைகள், சுகந்திரம் பாதுகாப்பு என பெண்களின்

முன்னேற்றத்தில் கவனம் செலுத்தி வருகின்றன. நாட்டின் அடையாளத்தின் முக்கிய அம்சங்களில் ஒன்றாக விளங்கும் நாடு மற்றும் வீட்டின் முன்னேற்றத்திற்கும் பெண்கள் கல்வி அறிவு பெற வேண்டும். இந்த சமுதாயத்தின் விதைகள் நன்றாக இருந்தால், செடி கண்டிப்பாக வளர்ந்து கனி தரும் என்பதில் ஐயமில்லை.

கல்லூரி வாழ்க்கை

கனாக் காணும் காலம் அது
கல்லூரி பயிலும் நேரம் அது
சிறகடித்து பறந்து செல்லும்
சிட்டுக்குருவிப் போல,
சின்னஞ்சிறு இதயங்கள்
எல்லாம் ஒன்று சேர்ந்த இடம் அது
காலையில் உதிக்கும், மாலையில்
மறைந்து போனாலும் மறுநாள்
காலையில் உதிக்கும் போது
பிரகாசமாக தான் உதிக்கிறது சூரியன்
அதுபோலவே தான்
காலையில் கல்லூரிக்கு வந்து
உங்களை சந்திக்கிறேன் பின்பு
மாலையில் வீடு திரும்புகிறேன்
மறுநாள் உங்களை சந்திக்க
வேண்டும் என்று எண்ணத்தோடு
எங்கோ பிறந்து எங்கோ வளர்ந்தோம்
ஆனாலும் என்னுமே நாமெல்லாம்
ஒரு கூட்டுப் பறவைகள் தான்
கல்லூரி எனும் கூட்டில் வாழும்
சிறகில்லா பறவைகள்
என் இதயத்தில் கலந்த என்னுயிர்
தோழிகளே! எத்தனையோ
ஒரு நாள் நான் கல்லூரிக்கு உணவில்லாமல்
வந்தாலும் எனக்கு உணவளித்த உயிர்
தோழிகள் நீங்கள்!

நான் கல்லூரி பணம் செலுத்த
தாமதித்து போது ஆனாலும் தன் பணத்தை
போட்டு செலுத்தும் என் உயிர் கல்லூரி தோழிகள்
எத்தனையோ சோகங்கள் என்னுள் புதைந்து
கிடந்தாலும் கல்லூரி வந்தபின் கானல்
நீராய் பறந்து போகிறது உங்கள் அன்பினால்,
கல்லூரி நம்மை பிரித்தாலும் காலங்கள் ஒன்று
சேர்க்கும்
என் உறவான உயிர்களே பிரிந்தாலும் அன்பு
ஒருபோதும்
மாறாது என் உயிர் தோழிகளே!.....

அன்புடன் உங்கள் தோழி

நானும் எனது கனவும்

முன்னுரை

“தூக்கத்தில் வருவதல்ல கனவு, உன்னைத் தூங்கவிடாமல் செய்வதே கனவு!”

என்று சொன்னார் டாக்டர் ஏ.பி.ஜே. அப்துல்கலாம் அவர்கள் என் சிறுவயதில் இருந்து என் உணர்வோடு கலந்து இருப்பது மாவட்ட ஆட்சியராக வேண்டும் என்ற கனவு .அது எப்படி தொடங்கியது என்பது பற்றி இக்கட்டுரையில் வரைகிறேன். கனவின் முதல் புள்ளி

நான் ஒரு சாதாரணக் குடும்பத்தில் பிறந்தவன். என் மீனவக் கிராமம் மிகவும் அழகானது. அதில் மீனவர்கள் சந்திக்கும் பிரச்சனை மிகவும் கொடுமையானது. இந்த நிலை மாற வேண்டும். ஆதற்கு கல்வி அனைவருக்குமாக வேண்டும் என்பது என்னுடைய ஆசை.

எங்களுடைய ஊர் சிறிய கிராமம் என்பதால் பெரும்பாலான தேவைகளுக்கும் வசதிகளுக்கும் நாங்கள் பேருந்தில் இராமநாதபுரம் செல்வது வழக்கம் அவ்வாறு செல்லும்போது இராமநாதபுரம் அருகே மாவட்ட ஆட்சியர் அலுவலக பேருந்து நிறுத்தம் என்று ஒன்று வரும். அதில் அநேக மக்கள் கூட்டம் பேருந்து நிறுத்தம் என்று ஒன்று வரும். அதில் அநேக மக்கள் கூட்டம் எப்போதும் காணலாம். இதில் யார் இருக்கிறார்கள்? இங்கு என்ன செய்கிறார்கள்? இவ்வளவு பெரிய அலுவலகம் எதற்கு? என்று யோசிப்பார்கள்.

என் ஒன்பதாவது வகுப்பு, கிறிஸ்துமஸ் பண்டிகை நெருங்கிக் கொண்டிருந்த ஒரு நாள், நானும் எனது தாயும் புது ஆடைகள் வாங்க இராமநாதபுரம் சென்றோம் .அப்பொழுது வழக்கம் போல மாவட்ட ஆட்சியர் அலுவலக பேருந்து நிறுத்தம் வந்தது. நான் என் அம்மாவிடம் கேட்க தொடங்கினேன்,

மாவட்ட ஆட்சியர் என்றால் யார்?, அவர் இங்கு என்ன செய்வார்? இவ்வளவு மக்கள் அவரைப் பார்க்க ஏன் செல்கிறார்கள்? ஏனக் கேட்டேன் . அதற்கு என் அம்மா”. அவர் ஒரு மாவட்டம் முழுமைக்கும் அவரே அதிகாரி . மாவட்ட சார்ந்த எந்த முடிவைகளையும் அவரே எடுப்பார். அம்மாவட்ட சார்ந்த எந்த முடிவைகளையும் அவரே எடுப்பார். அம்மாவட்ட மக்கள் ஒற்றுமையோடு அமைதியாக வாழவும் அவர் உறுதுணையாக இருப்பார். அந்த மாவட்ட மக்களின் குறைகளைக் கேட்டு அவைகளைத் தீர்த்து வைப்பார் “ என்றுக் கூறினார். அதுமட்டுமில்லாமல் லஞ்சம், ஊழலுக்கு எதிராய் செயல்பட்ட திரு.சகாயம் ஐ.ஏ.எஸ் அவர்கள் பற்றி சொன்னார், அவர் தன் நேர்மையினால் தமிழகத்தையே திரும்பி பார்க்க வைத்தவர் என்று.

அந்த நொடிப்பொழுது, எனக்குள் ஒரு கோடி பட்டாம் பூச்சிகள் பறந்தன. என்னுடையத் தேடல் தொடங்கியது என்பதை நான் அன்று உணர்ந்தேன்.

என் கனவே நோக்கிய என் பயணம்

அன்றைய தினத்திலிருந்து இந்திய ஆட்சி பணியில் சேருவதற்கு என்ன செய்ய வேண்டும் என்பதைத் தேட ஆரம்பித்தேன். அப்பொழுது தான் நான் தெரிந்து கொண்டேன் அதற்கு யூ.பி.எஸ்.சி என்ற தேர்வு எழுத வேண்டும் என்று. அப்போது என் இலட்சியக் கனவை என் நண்பர்கள் மற்றும் உறவினர்களிடம் பகிர்ந்து கொண்டே போது, அது மிகவும் கடினமானது எனக் கூறினார். சிலர் நான் அதை யோசிப்பதே தவறு என்றும், அது எட்டாக் கனி என்றும் கூறினார். இவற்றையெல்லாம் சற்றே ஒதுக்கி வைத்துவிட்டு, என் பத்து மற்றும் பன்னிரெண்டாம் வகுப்பு பொதுத்தேர்விற்கும் தயாராகினேன். நாட்கள் உருண்டோட, என கனவும் அதன் தாக்கும் என்னுள் வளர்ந்துக் கொண்டே இருந்தது. பன்னிரெண்டாம் வகுப்புத் தேர்வு முடிந்ததும், இந்திய ஆட்சிப் பணித் தேர்வு குறித்த முழு விவரங்களையும் திரட்ட ஆரம்பித்தேன். தேவையான புத்தங்களையும் வாங்கி என் கனவை நனவாக்கும் முதல்படியாக தேர்வுக்கு என்னை ஆயத்தம் செய்ய, தேர்வுக்கு படிக்க ஆரம்பித்தேன், இன்னும் படித்து கொண்டே இருக்கிறேன்.

இந்திய ஆட்சிப் பணியில் சேர விரும்பும் அனைவரின் மிகப் பெரிய களவு எது என்று கேட்டால், மசூரி பயிற்சி நிலையம் என்பதே ஆகும். அழகிய இமயமலை சூழ்ந்த மசூரியில் அமைந்துள்ள லால் பகதூர் சாஸ்திரி தேசிய நிாவாக அகாடமியில் இணைந்து பயிற்சிப் பெற்று என்னை உடலளவிலும் மனதளவிலும் வலிமையாக்கி எம் மக்களுக்கு பணி புரிவதையே என் உயரிய கனவாகக் கொண்டுள்ளேன்.

முடிவுரை:

வானம் பார்த்த பூமியதல் இருக்கிற என் மாவட்டத்தில் நீர் வேளாண்மையைக் கையாண்டு சொட்டு நீர் பாசனத்திலும் பசுமைக் குடில் விவசாயத்திலும் குறைந்த நீர் செலவு செய்து அதிக லாபம் ஈட்டி விவசாயிகளின் வாழ்க்கையில் மகிழ்ச்சித் திரும்பவும், விவசாயிகளின் தற்கொலைகள் நிறுத்தப்படவும் அவன செய்வேன். மீனவர்களுடைய படகுகள் பறிக்கப்படுவதைத் தடுத்து இன்னொரு பிரிட்ட்ஜோ போன்ற மீனவ மரணம் ஏற்படாதபடி மாணவ மாணவியருக்கு முன்னேற்றம் ஏற்படும் வகையில் திட்டங்கள் கொண்டு வருவேன் பெண்கள் குழந்தைகள் பாதுகாப்பு உறுதிசெய்வேன்.

உறுபசியும் ஓவாப் பிணியும் செறுபகையும்

சேராது இயல்வது நாடு. – என்ற இந்தக் குறளின், என்னுடைய மக்களை வாழ வகை செய்யும் ஆசையே, என் கனவு!.

பெண்களின் எழுச்சிக்குரல்

இன்னும் என்ன தோழா எத்தனையோ நாளா
ஆடிமையாய் நாமும் இருப்போமே
உன்னால் முடியாதா என்னால் முடியாதா
நம்பிக்கைய பாரில் விதைப்போமே!

யாரும் இல்லை தடை யளாய்
நம்மை வீழ்த்தும் தடைக்கல்லாய்
வெற்றியிலே நடைபோட சம்மதமா
வியர்வை துளிகள் உன்னோடு
வலிகள் இல்லை கண்ணோடு
விடுதலை என்னும் உணர்வோடு பிறந்திடுமே

உன்னால் முடியும் பெண்ணே
அடிமை தளையை ஒழிக்க
முடியும் விடியும் உன்னால்
உன்னால்
சாதி எங்கும் ஒழிக்க
சமத்துவ உணர்வு ஓங்க
புதிய விடியல் விதைப்போம்
காப்போம்

வாழ்வோடும் தினம் வலிகளையே
எங்கள் மனதினில் சுமக்கிறோம்
உணர்வுகளை முட்செடிகளுக்குள்
யாம் பூட்டியே வைக்கிறோம்

அலைகளுமே வந்து மோதுவதால்
கடும் பாறைகள் உடையுமா?
ஆந்த பகை கூட்டம் நம்மை ஆளுவதால்
நம் இதயம் தான் ஏற்குமா?

இதோ இதோ எழுந்ததோ
ஆயுதம் நம் கையோடு
அதோ அதோ தெரிந்தோ
வெற்றிப் பாதை நம்மோடு

யாரும் இல்லை தடைகளாய்
நம்மை வீழ்த்தும் தடைக்கல்லாய்
வெற்றியிலே நடைபோட சம்மதமா
வலிகள் இல்லை கண்ணோடு
விடுதலை என்னும் உணர்வோடு பிறந்திடுமே!

M.Adaikala Annai Arasi
B.Sc., Maths III

வெற்றியின் இரகசியம்

அன்று ஒரு நாள் ஆறு பறவைகள் ஒன்றாய் ஒற்றுமையாய் இருந்தன.....

ஆனால், அதில் வெளியில் இருந்து வந்த ஒரு பறவை ஆறு என்று சொல்ல நன்றாக இல்லை... ஐந்து என்றால் நட்சத்திரம் போல் இருப்போம் என்று வேளியில் இருந்து வந்த ஒரு பறவை சொல்ல யாராவது பிரிய வேண்டும் என்று ஒரு சிட்டுப்பூருவி பறந்தது அது பறந்து சென்றால் பிறருக்கு மகிழ்ச்சி ஆனால், அதற்கு துக்கம் மட்டுமே. இறுதியில் சிட்டுக்குருவி நீங்கள் தான் என் உலகம் என்று நினைத்தேன். ஆனால், என்னை பறக்க வைத்து பெரிய உலகத்தை காட்டியதற்கு நன்றி என்று கூறியது வெயில் இருந்து வந்த பறவை வந்ததது போல் போய்விட்டது. இறுதியில் நான்கு பறவைகள் மட்டுமே இருந்தன.

நான்கு பறவைகளும் அந்த சிட்டுக்குருவியை நினைத்து கவலை கொண்டது. ஆனால், அந்த சிட்டுக்குருவிக் கோ அந்த பறவைகள் தான் மிகவும் பிடிக்கும். ஆனால் மற்ற பறவைகள் சிட்டுக்குருவியை காயப்படுத்தியதை நினைத்து கவலையாகவே இருந்தன.

எதிர்ப்பார்க்கும் சமயத்தில் கிடைக்காத எதும் அதன் பிறகு எத்தனை முறை கிடைத்தாலும் நமக்கு முழுமையான சந்தோஷத்தை கொடுக்காது....

என்பது போல சிட்டுக்குருவி எண்ணி வருத்தம் அடைந்தது....

ஒரு நாள் நான்கு பறவைகளும் சிட்டுக்குருவியை சந்தித்து, நாங்கள் தெரியாமல் செய்து விட்டோம் என்று கூற. சிட்டுக்குருவிக் கோ என்ன செய்வது என்று தெரியாமல் இருந்தது. பழைய நினைவுகளை சிந்திக்க, அதற்கு ஒன்று புரிந்தது. நாம் என்னதான் பிறரை சார்ந்து இருந்தாலும் நம்முடன் கூட யாரும் வருவதில்லை என்று அதை எல்லாரும் பிரித்ததில் மனம் உடைந்து போனது.

ஒரு நாள் அந்த பறவை இவர்கள் இல்லாமல் மனம் உடைந்து போய் தன் சிறகை விரிக்க ஆரம்பித்தது. அப்போது அதற்கு மிகவும் பயமாக இருந்தது. அதற்கு பறப்பதற்கு கூட யாரும் சொல்லி தரவில்லை என்று மிகவும் மனம் உடைந்து போய் அம்மாவிடம் சென்றது. சிட்டுக்குருவியின் அம்மா சிட்டுக்குருவியிடம் பறப்பதற்கு பிறர் சொல்லி தந்தால் பறக்க மிகவும் சிறப்பாக இருக்கும். ஆனால் நாமே கறக்க கற்றுக் காண்டால் வாழ்வின் போராட்டங்களை எப்படி எதிர் கொள்வது என்பதை கற்றுக் கொள்ளலாம் என்று கூறியது சிட்டுக்குருவியின் அம்மா.

சிட்டுக்குருவி உயரத்தில் பறக்கும் போது மழைசாரல் இறகின் மீது பட சிட்டுக்குருவி

வருத்தமடைய ஆரம்பித்தது. இதனால் சிட்டுக்குருவி தனியாக வாழ்வின் பாடத்தை கற்றுக் கொண்டது. வாழ்வின் வெற்றி பெற. முதலில் பிறரை சார்ந்து இல்லாமல் தன் மீது முழு நம்பிக்கை வைக்க வேண்டும் என்று எண்ணியது. தனியாக இருக்கிறோம் ஆறுதல் கூற ஒரு நண்பன் இல்லை என்று ஒரு காலத்தில் வருந்தியது.

ஆனால் இப்போது அந்த சிட்டுக்குருவிக்கு எண்ண முடியாத அளவிற்கு நண்பர்கள் நான் இருந்தனர்.

இதற்கு காரணம் விட்டுப்பிரிந்த பறவைகளை நினைத்து கவலை கொள்ளாமல் வாழ்க்கையை எப்படி போராடி சாதிப்பது என்று எண்ணியது தான் அந்த சிட்டுக்குருவியின் வெற்றிக்கு இரகசியம்.

வாழ்க்கையில் வெற்றியை நோக்கி பயணிக்க விடாமல் ஆயிரம் தடைகள் இருக்கலாம் ஆனால் வாழ்க்கையை வெற்றிகரமாக வாழ ஒரு நல்ல பாதை இருக்கிறது.

தடைகளை உடைத்திடு.... உயர பறந்திடு.

வளமை வெறுமையில் நிறைவு
இறைவனோடு ஒன்றிணைந்து இருக்க சிறந்த
வழி மௌனம். அதிகபேச்சு வலுவற்றதாக
இருக்கும். நாம் எந்த அளவு மௌனம்
கடைபிடிக்கிறோமா அந்த அளவு
இறைவனோடு ஒன்றிணை இருக்க முடியும்.
இறைவனோடு ஒன்றித்து இருந்தால் தமக்கு
வரம் துன்பத்தை அல்லது தோல்வியை
எளிதில் எதிர்கொள்ள முடியும் என்று கூறி
தன் சிறிய மௌனத்தால் பெரிய
ஆலமரத்திற்று விதிரிட்டு சென்றி கொண்டவர்
எம் அன்னை ஸ்கொலாஸ்டிக்கா.

ஒரு ஊரில் மூன்று நண்பர்கள் இருந்தனர்..... அதில் பிரவின் என்பவன் மிகவும் பயந்த சுபாவம் கொண்டவன். பட்ட பகலில் கூட பயப்படும் இயல்பை உடையவன் பிரவின். ஒரு நாள் அவன் வீட்டில் தனியாக இருந்தான் அப்பொழுது தன் அருகில் யாரோ இருப்பது போல் உணர்கிறான். அவன் எழுந்தாலும், அவன் சற்று நகர்ந்தாலும் அவனை யாரோ பார்ப்பதுபோல் உணர்கிறான். திடீர் என கதவு தானாக மூடி கொள்வதை பார்க்கிறான். உடனே அவன் உயிர் தோழன் கிரண் என்பவனுக்கு கால் செய்கிறான் அவனிடம் தன்னுடன் யாரோ இருப்பது போல் தெரிகின்றது என்று கூறினான் அதற்கு கிரண் அப்படி எல்லாம் ஒன்றும் இல்லை தண்ணீர் குடி சரியாகி விடும். இது எல்லாம் உன்னுடைய கற்பனை என்று சொல்லி விட்டு காலை கட் செய்கிறான் அப்பொழுது மணி மதியம் 12.30. இவனும் தண்ணீர் குடித்து விட்டு மெதுவாக அமர்ந்து தொலைக்காட்சி பார்க்கிறான். பின்பு பிரவினுக்கு அவன் மற்றொரு நண்பன் கார்த்திக் கால் செய்கிறான் பிரவின் காலை எடுக்கிறான் அப்பொழுது கார்த்திக் அழுது கொண்டே மதிய 12.01 மணியளவில் கிரனுக்கு அடிபட்டு விட்டது அந்த இடத்திலேயே அவன் இறந்து விட்டதாக கூறுகிறான். அதிர்ந்து போனான் பிரவின். இப்பொழுது தானே. நான் அவனிடம் பேசினேன் அப்போது என்னிடம் பேசியது யார் என்று பிரவின் அதிர்ந்து போனான் அப்போ. தன்னுடன் யாரோ இருப்பதாக தெரிவது அவனாக இருக்குமோ என்று சிந்தித்து ஒன்றும் புரியாமல் அதிர்ந்தான் பிரவின்.....
